We, the Board of Directors, present its analysis covering performance of the Company for the year 2019 - 2020 and the business outlook for the future. The business outlook performance is based on the current business environment and do not include any economic variation.

Industry structure and developments

The Camphor industry is sustaining its growth and is expected to continue in the same pattern. The positive outlook is the increase in demand for Camphor. Your Company's geographical location is a positive factor in the Camphor market. In today's competitive operation the focus need to be on reduction of Cost. Therefore by exercising the degree of attention your Company has bettered in the year under review and look forward for the same in the forthcoming years.

Opportunities and Threats

Your Company is experiencing a potential growth in sales in the past due to the factors that location of the plant and quality of the product. This is expected to continue in the forthcoming years.

Since the main raw material required is imported, the price factor and the exchange variation may have adverse effect. However, the Company prices its products with due consideration of both the factors .

Product -wise Performance

The main product, namely Camphor is having a progressive sales year after year so as other by-products.

Outlook

Your Company has a substantial growth potential in terms of marketing of its products which has been so far progressive in the past and the Company looks forward for the same in the years to come.

Risks and Concerns**General risks:**

The Foreign Exchange fluctuations may have adverse effects due as your Company imports huge raw materials.

Operational risks:

Price of the main raw material may have an adverse effect if the demand and supply gap is widen.

Financial risks:

Your Company needs to import raw materials at appropriate time, which warrants sizable works capital with a conscious approach to the degree of risk in terms of procurement of raw material keeping in view of the finance available.

Regulatory and Legal risks:

The Company is exposed to environmental regulations. The Company has adequate system and controls to mitigate various risks.

Risk management:

The Company's risk management is based on various risks and proper risks assessment and strategic measures by continuous monitoring the procedural establishment for this purpose which are in line with normal industrial practice.

**Internal Control Systems and their adequacy**

Your Company has well defined and adequate internal controls and procedures, commensurate with its size and nature of its operations. This is further strengthened by the Internal Audit done concurrently.

Besides, the Company has an Audit Committee, comprising Non-Executive Directors, to monitor its financial systems, controls, management and operations.

Number of people employed: 143

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefore, including:

PARTICULARS	2019-2020	2018-2019
A: Profitability ratios		
Operating Profit Margin	18%	20%
Net Profit Margin	13%	15%
Return on Equity	28%	43%
B. Ratio for Assessing Financial Health		
Capital Turnover Ratio	2.19	2.84
Fixed Assets Turnover Ratio	7.50	7.57
Inventory Turnover Ratio	5.79	5.16
Debtors Turnover Ratio	15.59	14.94
Operating Profit Margin Ratio	82%	80%
D: Earnings and dividend ratio		
Dividend percentage	20%	20%
Earnings per Share	60.92	68.21
P/E Ratio	2.86	4.61
Book Value Per share	217.64	67.52

**Reason for Increase / Decrease in Key Financial Ratios:****i. Decrease in Return on Equity (ROE):**

Since there is a reduction in Profit and also there is an increase in Paid-up Share capital, ROE is reduced.

ii. Decrease in Gross Profit & Net Profit Ratio:

The Prices during the year under review vis.a.vis sale price of camphor is reduced and import price of main Raw material has increased. This had an impact on the Profit margin. The contribution from other Finished goods also has reduced, which also had an impact on EPS.

iii. Decrease in Capital Turnover Ratio:

Consequent to reduction of sale price of camphor, a major sale component in turnover, there is a reduction in turnover. Also, the paid-up share capital has increased.

iv. Fixed Assets Turnover Ratio

The investment in Fixed Asset has gone up by 4.89%, whereas the turnover has reduced by 8% (due to reduction in sale price), there is a reduction in the ratio.

v. Inventory Turnover Ratio

The company has exercised precautionary measures in procurement of imported raw material, thus there is a reduction in holding level of inventories. However, the company ensured minimum stock levels for its uninterrupted production.

vi. Debtors Turnover Ratio

The company has phased out the credit facilities from the bank to bring it to Zero level, by ensuring prompt payment from Debtors.

Cautionary Statement

The Management Discussion and Analysis Report contains forwarding looking statements based upon the data available with the Company, assumptions with regard to global economic conditions, the Government policies etc. The Company cannot guarantee the accuracy of assumptions and perceived performance of the Company in future. **xi. UNCLAIMED DIVIDEND AMOUNTS**

Pursuant to the provisions of Section 123 of the Companies Act, 2013 the dividend which remained unclaimed for a period of Seven (7) years from the date of transfer to the unpaid dividend account is required to be transferred to the “Investor Education Protection Fund” (IEPF) account established by the Central Government along with the shares in respect of which unpaid or unclaimed dividend has been transferred to IEPF account. The Company has uploaded the details of unpaid and unclaimed amounts lying with the Company on the website of the Company (www.kkigroup.in). Members who have not so far encashed their dividend warrant(s) are requested to seek revalidation of dividend warrants by writing to the Company immediately.

xii. INVESTOR EDUCATION AND PROTECTION FUND (IEPF)

Pursuant to the applicable provisions of the Companies Act, 2013 read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (“the rules”), all unpaid or unclaimed dividends are required to be transferred by the Company to the IEPF established by the Government of India, after the completion of seven years. Further according to the Rules, the shares on which dividend has not been paid or claimed by the shareholders for seven consecutive years or more shall also be transferred to the demat account of the IEPF Authority.

Accordingly, since the Company has not paid any Dividend during the FY 2011-2012, the need for transferring the unclaimed and unpaid dividends and shares does not arise.

xiii. SEBI COMPLIANTS REDRESSAL SYSTEM (SCORES)

SEBI has initiated SCORES for processing the investor complaints in a centralised web based redress system and online redressal of all the shareholders complaints. Three (3) Shareholder’s complaint has been received and the same have been resolved within due dates.

xiv. COMPLIANCE WITH CODE OF CONDUCT

The Company has in place a code of conduct applicable to the board members as well as Senior Management and that the same has been hosted on the Company’s website. The members of the Board and Management Personnel affirmed that they have complied with the Code of Conduct for the financial year 2019– 2020.

xv. CODE FOR PREVENTION OF INSIDER TRADING

In accordance with the requirements of SEBI (Prohibition of Insider Trading) Regulations, 2015, the company has instituted a Code of Conduct to regulate, monitor and report trading by its employees and other connected persons for prohibition of insider trading in the Company’s shares. The code endeavors to preserve the confidentiality on un-published price sensitive information and to prevent the misuse of such information. The policy is also posted on the website of the Company.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF****M/s KANCHI KARPOORAM LIMITED****Report on the audit of Ind AS Financial Statements****Opinion**

We have audited the accompanying Ind AS Financial Statements of KANCHI KARPOORAM LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity, the Statement of Cash Flows for the year ended on that date and Notes to the Financial Statements, including a summary of the Significant Accounting Policies and other explanatory information (hereinafter referred to as 'the Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit (Including Other Comprehensive Income), the changes in Equity, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

Without qualifying our opinion, we draw attention to

- i. Note 42 forming part of the financial statements for the year in connection with the estimation uncertainty arising out of the COVID-19 pandemic.

Our opinion is not qualified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of Financial Statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Response to Key Audit Matters & Conclusion
<p>1. Physical verification of inventory</p> <p>Due to the disruption caused by the COVID-19 global pandemic, the company could not carry out the physical verification on or before the reporting date. The physical inventory taking was however carried out by the company on an alternate date after partial relaxation of the lockdown.</p>	<p>Principal Audit Procedures</p> <p>Even though we could not physically attend the inventory count we have performed alternate audit procedures to obtain sufficient appropriate audit evidence for our purpose as per SA 501 “Audit evidence – Specific consideration for stipulated items” which includes:</p> <ul style="list-style-type: none"> (i) Examination of production and consumption records (ii) Understanding the plan and coverage of the management with respect to the inventory count (iii) Examination of the documents relating to physical verification

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information in the Annual Report, comprising of the Director’s report and its annexures, but does not include the Financial Statements and our auditor’s report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information when it is made available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that if there is a material misstatement of this other information, we are required to report that fact.

Management Responsibility for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the Financial Position, Financial Performance (including Other Comprehensive Income), Changes in Equity and Cash Flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with

SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in Internal Control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the Directors as on 31st March, 2020 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March 2020 from being appointed as a Director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the Internal Financial Controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations as at 31st March 2020 and accordingly, disclosing the impact of pending litigations on its financial position in its financial statements does not arise.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the company.

2. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF KANCHI KARPOORAM LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the Internal Financial Controls over Financial Reporting of KANCHI KARPOORAM LIMITED (“the Company”) as of March 31, 2020 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company, considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting, issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls System over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Internal Financial Controls System over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s Internal Financial Control over Financial Reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and

(iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting to future periods are subject to the risk that the Internal Financial Control over Financial Reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate Internal Financial Controls System over Financial Reporting and such Internal Financial Controls over Financial Reporting were operating effectively as at March 31, 2020, based on the Internal Control over Financial Reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF KANCHI KARPOORAM LIMITED.

The Annexure referred to in Paragraph 2 under the heading ‘Report on Other Legal and Regulatory Requirements’ of our Report of even date:

- (i) (a) The Company is in the process of updating its fixed asset register showing full particulars, including quantitative details and situation of fixed assets;
- (b) The company has a regular program of physically verifying all the fixed assets at its plants/offices in a phased manner over a period of 2 years, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. No material discrepancies were observed as compared to book records were noticed on such verification.
- (c) According to the information and explanation given to us and on the basis of our examination of the records of the company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventories could not be physically verified by the management during the year due to the disruption caused by the COVID-19 pandemic. However, physical verification was conducted before the resumption of production and no material adjustments were noticed during such verification.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Note 1: Company Overview

KanchiKarpooram Limited (“the Company”) was incorporated on 31st January 1992. It is a public limited company incorporated and domiciled in India whose shares are publicly traded. The registered office is located at Parandur Road, Enathur village, Karapettai Post, Kanchipuram – 631552, Tamilnadu, India. The Company manufactures Camphor and allied products. The Company has its manufacturing Plant at Kanchipuram in Tamilnadu.

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) notified by the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. Accordingly, the financial statements for the year ended 31st March 2020 are prepared as per IND AS financial statements. The financial statements for the year ended 31st March 2020 were authorized and approved for issue by the Board of Directors on 30th JULY, 2020.

Note 2: Summary of Significant Accounting Policies

2.1 Basis of Preparation

The financial statements comply in all material aspects with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. The financial statements have been prepared on the historical cost convention under accrual basis of accounting except for certain financial assets and liabilities (as per the accounting policy below), which have been measured at fair value.

2.2 Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future period.

2.3 Significant Estimates and Judgments

The areas involving critical estimates or judgments are:

- Estimation of fair value of financial assets and liabilities (Refer Note 35 to the Accounts)
- Estimation of useful life of Property, Plant and Equipment (Refer Note 2.6 below)
- Valuation of defined benefit obligations – (Refer Note 2.10 to the accounts)

2.4 Revenue Recognition

The Company has adopted Ind AS 115 from 1st April, 2018 and opted for modified retrospective application with the cumulative effect of initially applying this standard recognized at the date of initial application. The standard has been applied to all open contracts as on 1st April, 2018, and subsequent contracts with customers from that date.

Performance Obligation:

The revenue is recognized on fulfilment of performance obligation.

Sale of Products:

The Company earns revenue primarily from sale of Camphor and allied products. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component. The Company’s contracts with customers do not provide for any right to returns, refunds or similar obligations.

2.5 Property, Plant and Equipment

Freehold Land was carried at deemed cost as at the transition to Ind AS and all other items of Property, Plant and Equipment are stated at cost of acquisition less accumulated depreciation / amortization and impairment, if any. Cost includes purchase price, taxes and duties, labour cost and directly attributable overheads incurred upto the date the asset is ready for its intended use. However, cost excludes Excise Duty, Value Added Tax and Service Tax / GST, to the extent credit of the duty or tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognized when replaced. All other repairs and maintenance are charged to Profit or Loss during the reporting period in which they are incurred. Gains and losses on disposals are determined by comparing proceeds with carrying amount and recognized in Statement of Profit and Loss.

2.6 Depreciation and Amortization

Depreciation on tangible fixed assets is provided over the estimated useful life of the asset or part of the asset, on straight line method, in accordance with Part A of Schedule II to the Companies Act, 2013. Residual value is considered between zero to five per cent of the cost of assets.

The assets' residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period.

Gains and losses on disposal are determined by comparing proceeds with carrying amount and are credited/ debited to the Statement of Profit and loss.

Residual values and useful lives are reviewed and adjusted, if appropriate, for each reporting period.

On assets added / disposed during the year, depreciation is charged on pro-rata basis from the date of addition / till the date of disposal.

2.7 Intangible Assets

Intangible assets acquired are recorded at their acquisition cost and are amortized on straight line basis over its useful life of 3 years.

2.8 Inventories

- a) Raw materials and Stores and spares are valued at cost under First-In-First-Out (FIFO) method or net realizable value whichever is lower.
- b) Finished goods are valued at cost (including applicable overheads) or net realizable value, whichever is lower
- c) Work-in-progress is valued at cost (including applicable overheads) or net realizable value, whichever is lower.

2.9 Impairment

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

2.10 Employee Benefits

(i) Short term obligations:

Liabilities for wages, salaries and bonuses, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services upto the end of the reporting period and are measured

at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current liabilities in the balance sheet.

(ii) Post-employment obligations:

a) Provident Fund and pension:

Provident Fund and pension benefits are defined contribution plans under which the Company pays fixed contribution into funds established under the Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The Company has no legal or constructive obligations to pay further contributions after the payment of the fixed contribution. Contributions due to the provident fund are recognized as an expense on monthly basis.

b) Gratuity:

The Company has a defined benefit gratuity plan funded with Life Insurance Corporation of India, covering eligible employees. The scheme provides for lump sum payment to vested employees at retirement, death while in employment or in termination of employment. The company obligation towards gratuity is valued at the date of each balance sheet with the help of an actuary using projected unit credit method and considered accordingly in the books of accounts.

(iii) Other long-term employee benefit obligations:

a) Leave encashment:

The company allows accumulation of leave and encashment thereof based on its policy for eligible employees. The company's obligation towards leaves that could be carried over by employees beyond 12 months from the date of the balance sheet is valued on with the help of an actuary using the projected unit credit method and considered accordingly in the books of accounts.

2.11 Taxes on Income

Income tax expense represents the sum of the current tax and deferred tax.

a) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that are enacted and applicable for the reporting period. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

b) Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Accordingly, the deferred tax assets and liabilities that were recognized during the previous reporting periods are remeasured using the tax rates enacted or substantively enacted as at the reporting date.

c) Current and deferred tax for the year

Current and deferred tax are recognized in the Statement of Profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.12 Leases

From 1 April 2019, leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities predominantly include the net present value of the fixed lease payments and other components of lease payments where applicable.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

2.13 Functional and presentation currency and Foreign Currency Transactions

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated

Exchange differences on monetary items are recognized in profit or loss in the period in which they arise.

**2.14 Earnings per Share**

The Company presents basic and diluted earnings per share (EPS) data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

2.15 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Company is principally engaged in a single business segment, viz., manufacture and sale of Camphor and allied products.

2.16 Provisions, Contingent Liabilities and Contingent Assets**a) Provision**

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

b) Contingent Liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because

- It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- The amount of the obligation cannot be measured with sufficient reliability.

c) Contingent Asset

Contingent assets are not recognized but are disclosed only where an inflow of economic benefits is probable.

2.17 Current and Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. In respect of other assets, it is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified approximately three months as its operating cycle.

2.18 Financial instruments

(a) Recognition:

Financial assets and financial liabilities are recognized when a company entity becomes a party to the contractual provisions of the instruments.

(b) Classification of financial instruments

The Company classifies its financial assets in the following categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flow.

(c) Measurement

(i) Initial Recognition:

At Initial recognition, the Company measures a financial asset at its fair value plus transaction cost (in the case of a financial asset not a fair value through profit or loss) that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

(ii) Subsequent measurement:

- **Debt Instruments**

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments.

- **Amortized Cost**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- **Fair Value through profit and loss statement**

Assets that do not meet the criteria for amortized cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at Fair Value Through Profit or Loss (FVTPL). A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

- **Equity Instruments**

The Company subsequently measures all investments in equity (except of the subsidiaries/ associate) at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit or loss as other income when the Company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately.

Where the Company elects to measure fair value through profit and loss, changes in the fair value of such financial assets are recognized in the statement of profit and loss.

(d) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Expense is recognized on an effective interest basis for debt instruments other than those financial liabilities classified as at FVTPL. Interest expense is recognized in profit or loss and is included in the 'finance cost' line item.

(e) Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

For trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

(f) De-recognition of financial assets and financial liabilities

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

The Company de-recognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

2.19 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts/cash credits. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

2.20 Key sources of estimation uncertainty

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key assumption concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year is as given below.

a) Fair value measurement and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Material instances where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. The management uses the services of external valuers. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 35.

b) Useful life of Property, Plant & Equipments and Intangible Assets

The Company reviews the estimated useful lives of Property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.

c) Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgment and the use of estimates regarding the outcome of future events.

d) Deferred Tax Assets

The recognition of deferred tax assets requires assessment of whether it is probable that sufficient future taxable profits will be available against which deferred tax assets can be utilized. The Company reviews at each balance sheet the carrying amount of deferred tax asset if any.

33 Capital management

The Company's objective of capital management is to maximise the return to its shareholders through optimal mix of debt and equity.

The Company determines the amount of capital required on the basis of annual and long-term operating plans. The funding requirements are met through equity and long term/short term borrowings. The Company monitors the capital structure on the basis of Net debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The following table summarises the capital of the Company:

Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company as on the date of the financial statements does not have any significant exposure to credit risk.

Credit Risk:

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The management evaluates the credit risk of individual financial assets at each reporting date. An expected credit loss is recognized if the credit risk has increased significantly since the initial recognition of the financial instrument. In general, the company assumes that there has been a significant increase in credit risk since initial recognition if the amounts are 30 days past due from the initial or extended due date. However, in specific cases the credit risk is not assessed to be significant even if the asset is due beyond a period of 30 days depending on the credit history of the customer with the company and business relation with the customer. A default on a financial asset is when the counter party fails to make contractual payments within 3 months from the date they fall due from the initial or extended due date. The definition of default is adopted given the industry in which the entity operates.

Credit categorization and Exposure:

Grade	Description	Extent of loss recognized
A	High Quality Asset, the risk of default is negligible or nil	12 month expected Credit Loss
B	Standard Asset, the risk of default is low and the counterparty has sufficient financial strength to meet the obligations	12 month expected Credit Loss
C	Low Quality Asset, the risk of default is considerable and there has been a significant increase in the credit risk since initial recognition	Life Time Expected Credit Losses
D	Possibility of recovery is negligible and the asset is written off	Asset is written off

Grade	As at 31st March 2020					As at 31st March 2019				
	Loans and Advances	Trade Receivables	Cash and Cash Equivalents	Other Bank Balances	Other Financial Assets	Loans and Advances	Trade Receivables	Cash and Cash Equivalents	Other Bank Balances	Other Financial Assets
A	128.92	1,127.02	2,340.26	42.97	8.02	122.81	1,475.97	0.45	217.72	0.24

Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The company has obtained fund and non-fund based working capital limits from various bankers which is used to manage the liquidity position and meet obligations on time.

35 Fair values

The fair value of the financial assets and financial liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. During the year 2019-20, the company did not have any financial instrument that was measured at fair value on recurring basis.

- i) Fair value measurement hierarchy is as follows:
 - a) Level 1 item of fair valuation is based on market price quotation at each reporting date
 - b) Level 2 item of fair valuation is based on significant observable input like PV of future cash flows, MTM valuation, etc.
 - c) Level 3 item of fair valuation is based upon significant unobservable inputs where valuation is done by independent value.
- ii) The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial assets and are considered to be the same as their fair values, due to their short-term nature.
- iii) The fair values of financial assets and liabilities measured at amortized cost are approximate their carrying amount.
- iv) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

41 NOTE ON IND AS – 116-LEASES

The Company has adopted Ind AS 116 'Leases' with the date of initial application being April 1, 2019. Ind AS 116 replaces Ind AS 17 – Leases. The Company has applied Ind AS 116 using the modified retrospective approach, under which the cumulative effect of initial application is recognized in retained earnings at April 1, 2019. The comparative information in the financial statements would not be restated and would be presented based on the requirements of the previous standard i.e. Ind AS 17.

In adopting Ind AS 116, the Company has applied the below practical expedients:

- (i) The Company has not reassessed whether a contract is, or contains, a lease as per the definitions of Ind AS 116 at the date of initial application.
- (ii) The Company applied a single discount rate to a portfolio of leases with reasonably similar characteristics.
- (iii) The Company relied on its assessment of whether leases are onerous applying Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets, immediately before the date of initial application as an alternative to performing an impairment review as per Ind AS 36 Impairment of assets.
- (iv) The Company has treated the leases with remaining lease term of less than 12 months as 'short term leases'.
- (v) The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition.
- (vi) The Company used hindsight, such as in determining the lease term if the contract contains options to extend or terminate the lease. Effective 1st April 2019, the company has adopted Ind AS 116 'Leases' and applied the Standard to its leases retrospectively. Accordingly, comparatives for the period prior have not been restated. The adoption of the Standard has resulted in recognizing 'Right-of-Use Asset' of ₹ 119.92 lakhs and a corresponding 'Lease Liability' of equal amount as at the date of initial application.

Other information required to be disclosed by the standard have been provided in the below table:

The following amounts are included in the Balance Sheet as at March 31, 2020:

Particulars	Rs.in lakhs

Expenses related to short term leases	3.38

42. Impact of COVID-19

World Health Organisation (WHO) declared outbreak of coronavirus disease (COVID-19) a global pandemic on March 11, 2020. In India, Ministry of Home Affairs vide Order No. 40-3/2020 dated 24.03.2020 notified nation-wide lockdown in India to contain the outbreak. The impact on company's business due to the pandemic is being evaluated. Management believes that it has taken into account all the possible impacts of known events arising from COVID-19 pandemic and the resultant lockdown in the preparation of the financial statements including but not limited to its assessment of liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets, intangible assets under development and the net realizable values of other assets. However, given the effect of these lockdowns on the overall economic activity in India, the impact assessment of COVID-19 on the above-mentioned financial statement captions is subject to significant estimation uncertainties given its nature and duration and, accordingly, the actual impacts pertaining to COVID break down is under review. The Company will continue to monitor any material changes to future economic conditions and consequential impact on its financial results.
